The Melancholic Prawn

The prawn woke up one dreary day
feeling a tad bit down.
His mouth which often wore a smile,
now only donned a frown.

He knew this day was going to come,
but he'd never thought this soon,
For he woke upon a bed of lettuce...
Right next to a spoon.

He knew that in this prawn cocktail
he never again would frolic,
Which is why this little prawn appeared
slightly melancholic.
